Mr. Entzminger.....in accordance to Ohio Revised Code Section 3750.081, Compliance by Oil and Gas Facilities; Use of Electronic Database.....the Innex Oil and Gas Production, Inc did submit their Annual Production Statement for the Elshoff location in accordance with Chapter 1509 of the Ohio Revised Code.

Sec. 3750.081., Compliance by oil and gas facilities; use of electronic database.

(A) Notwithstanding any provision in this chapter to the contrary, an owner or operator of a facility that is regulated under Chapter 1509. of the Revised Code who has filed a log in accordance with section 1509.10 of the Revised Code and a production statement in accordance with section 1509.11 of the Revised Code shall be deemed to have satisfied all of the inventory, notification, listing, and other submission and filing requirements established under this chapter, except for the release reporting requirements established under section 3750.06 of the Revised Code.

(B) The emergency response commission and every local emergency planning committee and fire department in this state shall establish a means by which to access, view, and retrieve information, through the use of the internet or a computer disk, from the electronic database maintained by the division of mineral resources management in the department of natural resources in accordance with section 1509.23 of the Revised Code. With respect to facilities regulated under Chapter 1509. of the Revised Code, the database shall be the means of providing and receiving the information described in division (A) of this section.

ANNUAL STATEMENT OF PRODUCTION (Form 10)

Instructions:

1. Submit one form for each well producing or capable of producing oil or gas.
2. Complete all blanks in each section. Incomplete forms will be returned for completion.
3. Companies with more than 100 wells are required to submit electronically. Please call the Division at (614) 265-6633 for further information.
4. In case of a common tank battery or meter for several wells, divide total production by the number of wells and complete individual forms. However, report the entire tank battery (tanks and maximum storage capacity) for each well. Report all quantities in barrels.

Re: INNEX Oil & Gas Production, Inc.
Compliance with EPCRA Sections 311 and 312

Dear Mr. Beattie:

The U.S. Environmental Protection Agency, Chemical Emergency Preparedness and Prevention Section, is investigating compliance with the reporting requirements of Sections 311 and 312 of the Emergency Planning and Community Right-to-Know Act. The facility under investigation is as follows:

INNEX Oil & Gas Production, Inc.
13115 Elshoff Drive
St. Marys, Ohio 45885

To assist our investigation, we request that you review your State Emergency Response Commission's (SERC) records and inform us if and when INNEX Oil & Gas Production, Inc. submitted information under Sections 311 and 312 for this facility. If INNEX Oil & Gas Production, Inc. did submit the appropriate reports, please provide a statement to that effect including the dates of reporting and a copy of the information submitted. If INNEX Oil & Gas, Inc. did not report, please complete your affidavits, and submit your affidavits in your response to our request. Did the facility inform the Ohio SERC of the Cession of operations?

Please submit your response to:

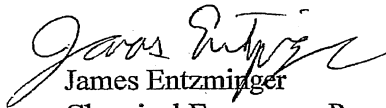

James Entzminger
Chemical Emergency Preparedness
and Prevention Section (SC-5J)
United States Environmental Protection Agency
77 West Jackson Boulevard
Chicago, Illinois 60604

EPA requests that the Ohio SERC not discuss this request for information publicly and not discuss this request with the facility under investigation.

If you have any questions regarding this information request or EPA's investigation of INNEX Oil & Gas Production, Inc., please call me at (312) 886-4062.

Thank you for your cooperation in this matter.

Sincerely,

James Entzminger
Chemical Emergency Preparedness
and Prevention Section
